Paper 1 Pure Mathematics 1 (P1)

May/June 2019

1 hour 45 minutes

Candidates answer on the Question Paper.

Additional Materials: List of Formulae (MF9)

READ THESE INSTRUCTIONS FIRST

Write your centre number, candidate number and name in the spaces at the top of this page.

Write in dark blue or black pen.

You may use an HB pencil for any diagrams or graphs.

Do not use staples, paper clips, glue or correction fluid.

DO NOT WRITE IN ANY BARCODES.

Answer **all** the questions in the space provided. If additional space is required, you should use the lined page at the end of this booklet. The question number(s) must be clearly shown.

Give non-exact numerical answers correct to 3 significant figures, or 1 decimal place in the case of angles in degrees, unless a different level of accuracy is specified in the question.

The use of an electronic calculator is expected, where appropriate.

You are reminded of the need for clear presentation in your answers.

At the end of the examination, fasten all your work securely together.

The number of marks is given in brackets [] at the end of each question or part question.

The total number of marks for this paper is 75.

This document consists of **21** printed pages and **3** blank pages.

BLANK PAGE

- 1 The term independent of x in the expansion of $\left(2x + \frac{k}{x}\right)^6$, where k is a constant, is 540.

(i) Find the value of k .

[3]

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

(ii) For this value of k , find the coefficient of x^2 in the expansion.

[2]

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

- 2 The line $4y = x + c$, where c is a constant, is a tangent to the curve $y^2 = x + 3$ at the point P on the curve.

(i) Find the value of c .

[3]

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

(ii) Find the coordinates of P .

- 3** A sector of a circle of radius r cm has an area of A cm². Express the perimeter of the sector in terms of r and A . [4]

[illegible]

-
- This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and extend across the width of the page. There are no margins, text, or other markings on the paper.

5 The function f is defined by $f(x) = -2x^2 + 12x - 3$ for $x \in \mathbb{R}$.

(ii) Express $-2x^2 + 12x - 3$ in the form $-2(x + a)^2 + b$, where a and b are constants. [2]

This image shows a full page of white paper with horizontal dotted lines. The lines are evenly spaced and run across the width of the page, providing a guide for handwriting practice. There are no margins, text, or other markings on the page.

(ii) State the greatest value of $f(x)$. [1]

.....

.....

.....

.....

The function g is defined by $g(x) = 2x + 5$ for $x \in \mathbb{R}$.

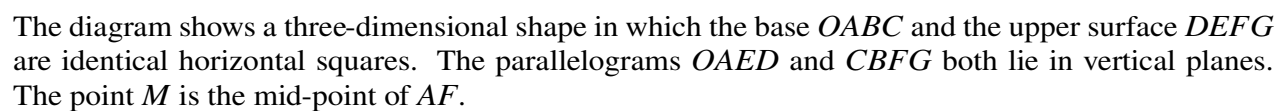

(iii) Find the values of x for which $\text{gf}(x) + 1 = 0$. [3]

[illegible]

6 (i) Prove the identity $\left(\frac{1}{\cos x} - \tan x\right)^2 \equiv \frac{1 - \sin x}{1 + \sin x}$. [4]

[illegible]

(i) Express each of the vectors $\overrightarrow{AM}$ and $\overrightarrow{GM}$ in terms of $\mathbf{i}$, $\mathbf{j}$ and $\mathbf{k}$. [3]

This image shows a full page of white paper with horizontal dashed lines, typical of primary school handwriting practice paper. The lines are evenly spaced and run across the entire width of the page. There are no margins, text, or other markings present.

[illegible]

- 8** (a) The third and fourth terms of a geometric progression are 48 and 32 respectively. Find the sum to infinity of the progression. [3]

[illegible]

- (b) Two schemes are proposed for increasing the amount of household waste that is recycled each week.

Scheme *A* is to increase the amount of waste recycled each month by 0.16 tonnes.

Scheme *B* is to increase the amount of waste recycled each month by 6% of the amount recycled in the previous month.

The proposal is to operate the scheme for a period of 24 months. The amount recycled in the first month is 2.5 tonnes.

For each scheme, find the total amount of waste that would be recycled over the 24-month period. [5]

Scheme *A*

- 9 The function f is defined by $f(x) = 2 - 3 \cos x$ for $0 \leq x \leq 2\pi$.

(i) State the range of f .

[2]

.....

.....

.....

.....

.....

.....

.....

.....

(ii) Sketch the graph of $y = f(x)$.

[2]

The function g is defined by $g(x) = 2 - 3 \cos x$ for $0 \leq x \leq p$, where p is a constant.

- (iii) State the largest value of p for which g has an inverse. [1]

.....

.....

.....

.....

- (iv) For this value of p , find an expression for $g^{-1}(x)$. [2]

This image shows a blank sheet of white paper with horizontal dashed lines. The lines are evenly spaced and run across the width of the page, providing a guide for handwriting practice. There are no margins, text, or other markings on the paper.

- 10** A curve for which $\frac{d^2y}{dx^2} = 2x - 5$ has a stationary point at (3, 6).

(i) Find the equation of the curve.

[6]

[illegible]

- (ii) Find the x -coordinate of the other stationary point on the curve. [1]

.....

.....

.....

.....

.....

.....

.....

- (iii) Determine the nature of each of the stationary points. [2]

.....

The diagram shows part of the curve $y = \frac{3}{\sqrt{1+4x}}$ and a point $P(2, 1)$ lying on the curve. The normal to the curve at P intersects the x -axis at Q .

- (i) Show that the x -coordinate of Q is $\frac{16}{9}$. [5]

This image shows a full page of white paper with horizontal dashed lines, typical of primary school writing paper. The lines are evenly spaced and run across the entire width of the page. There are no margins, text, or other markings present.

This image shows a full page of a handwriting practice worksheet. It consists of multiple sets of three horizontal dotted lines spaced evenly down the page, providing a guide for letter height and placement. The background is plain white, and there are no other markings or text present.

This image shows a full page of white paper with horizontal dotted lines. The lines are evenly spaced and run across the width of the page, providing a guide for handwriting practice. There are no margins, text, or other markings on the page.
